

# My Interpretation of Mission Vidya Sanskar

## Education Philosophy

*With faith and confidence we light the fire, and with faith we offer oblations to the fire. We sing in praise of faith. For we consider it to be the highest virtue. (Rigveda)*

Word **Vidya** stands for science, learning, scholarship and philosophy. Vidya is more used in sense of video or a sort of vision. **Sanskar** stands for ceremony for purification. There are total 14 vidyas and 16 Sanskars

### Key Points

- Vidya Sanskar is Nationalistic
- Vidya Sanskar offers an Indian International Perspective on way of life
- Vidya Sanskar's has its own Education Philosophy, a combination of east and west

### **What kind of human being are we aiming to produce?**

Essentially, all across the globe education is aiming to produce a human being who is knowledgeable, hard working, efficient, disciplined, smart, successful and hopefully a leader in his field of Endeavour.

BUT Adolf Hitler had all these qualities. The only thing he lacked was love and compassion. What is there in our present day education to prevent the creation of little Hitlers?

No my friend, what is missing is compassion, love for mankind and a noble mission to make this world a better place to live in. Only Vidya and Sanskar in childhood could have given him the same.

Vidya Sanskar International School for Holistic Learning is committed to groom global citizens with best of secular Indian values and beliefs, who act for the common good.

**Our Education Philosophy is simple, I see Education as single most effective instrument chosen for all round perfection of the world-be citizens of the land. To acquire attributes of the higher self so as to love and be loved by all. To those of us who are mainly exposed to stereotypic educational system and examination-oriented syllabus, our educational horizon was bound to be limited.**

**At Vidya Sanskar – We are India, Nationalism, International as well as Universal!**
